Introduction - FIGURE SKATING SUMMER CAMP 2026

Our 2026 Figure Skating Camp is designed as a strong foundation for the preparatory period of the season. The camp focuses on building and refining the essential qualities every competitive skater needs in order to progress with confidence and stability.

With the guidance of internationally recognized experts, we aim to provide high-quality, structured training. Special emphasis will be placed on skating skills, expression and performance quality, jump technique, and spin development — the core elements that form a complete and successful skater.

This two-week intensive program, held under the close supervision of experienced professionals, ensures continuity in training and allows skaters to progress. The structure of the camp is designed so that skaters who participate in both weeks benefit from a deeper technical focus, consistent correction, and steady daily improvement.

DAILY ON-ICE AND OFF-ICE TRAINING:

ON ICE: 2x 50 min of technical sessions on ice (skating skills, spins, jumps)

On the last day of WEEK 2 there will be an organised technical review of elements and/or programmes for skaters and coaches review and suggestions for further training process.

OFF ICE: 2x 45 min off ice athletic training and dance/expression sessions

EXTRA PAYABLE HOURS ICE (after camp sessions): practice on ice with own coaches, private lessons or choreography upon request

Camp Prices		
<i>Option</i>	<i>Early Bird Price*</i>	<i>Regular Price</i>
Full Camp (2 Weeks)	900€	960€
